

## REMARKS

### Allegedly Non-Compliant Amendment filed November 8, 2006

The present amendment supplements the Amendment filed November 8, 2006, which was found to be non-compliant under 37 C.F.R. §1.121 because it did not include a complete listing of all claims. We note that this section does not apply to reissue applications. See 37 C.F.R. §1.121(a). Based on our reading of 37 C.F.R. §§ 1.173(b)(2), 1.173(c), a complete listing of all claims is not necessary in a reissue application. Nonetheless, in order to comply with present action and further to a telephone conversation between the undersigned and Examiner Chin on December 14, 2006, we have included a complete listing of the claims above. Further, as required by 37 C.F.R. §§ 1.173(d), the markings to the claims showing changes are relative to the earlier issued patent. To comply with 37 C.F.R. § 1.173(b)(2), we have used the suggested language "once amended," "twice amended," where appropriate. As used above, and further to our telephone conversation with Examiner Chin, a previously presented new claim is indicated as "previously presented," and "once amended" if it has been subsequently amended. Claims being added by the present amendment as referred to as "new."

### Claim Status

Claims 1-27 and 29-95 are pending, claim 28 is canceled. Claims 1-27 and 29-36 are allowed. Claims 37-95 are new claims being added by the present amendment.
